

## Combo Hack Squat / Leg Press - PRO

The "Pro Model" Linear Bearing Hack Squat / Leg Press Combination Machine features our Center Load Carriage Assembly, complete with 2 - 14" weight holding shafts. With this "Center Load" carriage, this unit is 20" narrower than most side load Leg Press Machines. This unit can also be fitted with Chrome-Plated Weight Holding Bars and an Aluminum Diamond Plate for the Leg Press Platform.

Silky Smooth Linear Bearings gliding on Case Hardened Shafting, as well as the Adjustable Back Pad, Head Pad, and Dual Lockout Positions are also standard.
